The Mayor gave the floor to the City Administrator who reviewed the following with the City Council:

“After adoption of the tentative budget there were a number of items that needed to be further discussed to resolve prior to adoption of the final budget. I have listed below the items that need to be discussed.

1. Employee Salaries
2. Medical Insurance
3. Lieutenant position
4. Increase costs of lawnmower and multi-purpose room repairs
5. Shop preliminary design
6. Other proposed expenditures
7. RAP Tax projects”

Each item was discussed by the Council, but no final determinations were made. A second Budget Work Session is scheduled for June 9th at 6:30PM.

OPEN SESSION

Ms. Brenda Hill, resident who has a home that backs Mills Park came to the meeting to complain about the disc golf course tee box being so close to her property line and the increased noise and

people entering her backyard because of the disc golf course. She stated she can hear the noise from inside her bedroom and does not feel comfortable letting her dogs out in her backyard. She is upset she did not know permanent tee boxes and a course would be installed in the park prior to it happening. The Mayor asked if Ms. Hill read the City newsletter, emails, social media or other ways the City communicates with the residents about City business and she stated she did not. Council Member Dayley also brought up some concerns about a home she owns that is park adjacent regarding the disc golf course. Council Member Hill proposed moving the tee boxes as a potential solution. The Mayor indicated that more discussion about solutions would be forthcoming.

ADJOURNMENT

There being no further business before the City Council, Council Member Westergard motioned the meeting be adjourned at 7:32 P.M. Council Member Evans seconded the motion and all voted for the motion through a roll call vote.
